Gulp!
4 Weeks to Go!

*Inverloch
Primary School
4th April 2015*

38 That's how many years (in a row) our little school has been making **childhood memories** .

Families contribute, in ways large and small, seen and unseen. Generous donations of Mystery Bags, Soft Drink, Books and Easter Eggs, raffle tickets sold, clothes and bric-a-brac bought in, Easter Fair Newsletters unscrunched from the bottom of bags, scrutinised (surely!) mad dashes made to redress in the forgotten casual clothes and gold coins rummaged for.

Why do it, we ask? One answer, of course, is to raise money for our school, to see it reach its potential. We do it for our teachers, so that their time and energy are mirrored in our own. We do it for other parents, so that the challenge is shared and the efforts of each year are added upon. Most of all though **we do it for our kids**. To create lasting childhood memories. We do it to improve their experience today and invest in it for tomorrow; to show them they are part of a community; to demonstrate the value of contribution, and of *Giving Our Best to be Our Best*.

Yes it's a big ask, but it's the one big ask of the year. We might not all be able to do a shift on a stall, attend meetings or bake up a storm or come on the day, but if any of the above rings a bell, you are a part of an IKPS tradition. You may be a new parent, or one that has participated every year for your child's whole time at the school. Either way, you are not only investing in its resources, but in our kids' sense of pride and belonging.

Meet 2015's Easter Fair Co-ordinator..... *walking in the footsteps of other volunteers over 38 years.*
