## Don't forget your hats!

Spring and summer are wonderful seasons but it gets really sunny so we need to wear our hats every day. It doesn't have to be a school hat but it can't be a cap, it has to have a broad brim to keep the sun off your entire face.

## Fishy stories

Grade 2-6s have been working on Fishy stories recently, some people have used work they've done in the past, others have started a whole new story. All have turned out amazing. The Fish Creek festival will be on the 18th and 19th of November (Saturday and Sunday).

The two and only Poppy and Louis!!!

## Grade 6 visit at Korumburra Secondary College

Kieran, April, Violet, Lily and Wazz have gone to Korumburra Secondary School to get a feel of the Secondary College for 3 days. I wonder if they get to sit on the couch?

Some of the activities are Japanese, Science, English, PE, Health, Maths and Humanities. The next time you will see them is Monday next term.

## Junior & Senior Maths Game : Salute

Preps to 6's have been playing the game Salute.

**HOW TO PLAY:** between 3 people you need 1 pile of cards then split into 2 piles. 2 people are going to get a card and say 1,2,3 Salute and then hold the card to their head where they can't see. The third person looks at both of the cards and adds them up if you're in prep and 1 (but 2 to 6 they will multiply it). The 2 people with the cards guess the number on their card by looking at each other's card and what the third person said it equals.

**Eg:** Your opponent has the number 2 and the third person says it adds up to 7 your card must be 5 since the other has 2 or for multiplication the third person would say it is 10 and then you would try figure out your card is 5 before the other figures their card out which is 2 for this example. Whoever says the answer to their card first wins! You can keep playing for as long as you like.

# MINI SOCIETIES MARKET

At the Kongwak Mini Societies market we had: JPS-Johns premium snags, Hayden's yoyos, spill the tea, earrings, nail polish, honeycomb, slime, soap and scones. People got money from coming to school and they put it in the bank.

At the start of the Mini Societies the leaders cut the ribbon and welcomed us into the market. We rushed to the market and we brought stuff. We had our families come in with us and we gave them money to spend.
