All the fundraising that occurs at our two schools as a result of our tireless volunteers and the generosity of our community will contribute to future projects. To ensure that we are transparent and strategic about how we allocate these funds, our school council will make informed decisions on how we enhance the buildings, grounds and resources to improve the experience for our students, staff and families. As school Principal, I welcome and encourage anyone in our community to share their ideas for future projects and I will communicate these ideas to our school council for consideration.

Ben Soumilas (he/him/his)
